

Engineered Stone

Our engineered stone offers durability to any heavy-use area and a multitude of finishes and colors that mimic the look of your preferred natural stone. Engineered stone also boasts easy maintenance and a lower price point than natural stone, without sacrificing the look.

Verdigris Collection

An engineered stone line, the Verdigris Collection recalls the raw beauty of antique stone or patina with flecks and faux imperfections. The quartzite material is anti-corrosive and high-compression strength, making it ideal for commercial or residential applications ranging from lobbies to kitchens. Available in two thicknesses to meet project needs.
